KATA PENGANTAR

Praise be to Allah, the Almighty God for mercy and grace, so that the author can complete the monograph. Do not forget to also say salawat and greetings may always be poured out to the Great Prophet Muhammad SAW, because thanks to him, we are able to get out of the darkness into a brighter path.

Meanwhile, our monograph entitled 'AUDIT QUALITY' has been completed by us to the maximum extent and as best as possible so that it can be useful for readers who need information and knowledge about Audit Quality.

In this book, it is written about the importance of Audit Quality and knowing what are the impacts and factors in the Audit Quality. We are aware that there are still many shortcomings and mistakes which of course are far from perfect about this book.

We created this monograph, with the hope that readers can understand the information and also gain insight into Audit Quality. Thank you
