Alhamdulillah. Thanks to Allah, The author can complete the monograph. Do not forget to also say Shalawat to the Great Prophet Muhammad SAW, because thanks to him, we are able to get out of the darkness into a brighter path.

Meanwhile, our monograph entitled 'CRIME & PUNISHMENT' has been completed by us to the maximum extent and as best as possible so that it can be useful for readers who need information and knowledge about crime and punishment.

In this book, it is written about the importance of Crime & Punishment, and knowing what are the impacts. We are aware that there are still many shortcomings and mistakes which of course are far from perfect about this book.

.We created this monograph, with the hope that readers can understand the information and also gain insight into Crime & Punishment. Thank you
